And,

Even when the regime unexpectedly approved the candidacy of a moderate, many Iranians chose not to participate in the presidential election, suspecting that voting would actually change something. The authorities probably would have made it illegal. This was reflected in the low turnout in the first round: only 39.9%.

Masoud Pezeshkian reached the second round and now won, beating his opponent, hardliner Saeed Jalili, by 16.3 million votes to 13.5 million. Although some boycotted the second round, participation rose to 49.9% as the public perceived that the ex-cardiac surgeon and health minister could be the top choice!

Pezeshkian, who was supported by reformists and asked for a relaxation of the mandatory hijab law, which led to vast "women's lives freedom" protests brutally repressed. He also said he was disappointed in the hope of a relaxation of sanctions against the Iranian disabled by the Iranian economy.

Contrary to many reformist candidates, analysts say Mr. Pezeshkian has been generally more focused on social justice and inequality than on political freedoms; he appealed to some conservatives in the working class thanks to his reputation as a "clean" john stuart betnacional system. Others may have turned to him because they were tired of internal struggles between conservatives - his team fought with energy door-to-door campaign at the urban level.

The powers of the president are limited. Mr. Pezeshkian recognized the need for realism on Sunday, warning moderates: "We make promises and fail to fulfill them." This is the biggest problem we have". The supreme leader of the military, Ali Khamenei, maintains final control; john stuart betnacional age can see rapidly a political destabilization in the region - the Revolutionary Guards have not only an important role but also had a great influence on external politics but economic interests entrenched to defend their political country.

There are growing fears of a war between john stuart betnacional large scale between Hezbollah, supported by Iran and Israel. There is an increase in the probability of Donald Trump - who withdrew the USA from the 2024 nuclear deals - returning to the White House...

Critically, the candidacy and victory of Mr. Pezeshkian suggest that both the regime and the Iranians may have taken advantage of the opportunity offered by the death of Raisi: the first to partially appease a population not affected; perhaps stabilize relations with the West. With the growing pressure on Joe Biden to let john stuart betnacional candidacy to re-election, the current US government has even less room for negotiations with Tehran. European diplomats did a commendable job in the attempt to john stuart betnacional strengthen relations and reduce the risks of proliferation; their efforts will need to be redoubled: The unexpected triumph of Mr. Pezeshkian offers some hope to the Iranians - especially because his rival was a hardline ideological ex-nuclear negotiator who opposed the deal.
